

Don't Change Our Start Time

Some people say that school should start later in the morning. I don't agree. There are many reasons why it's better for school to start early, at the normal time.

It would cause problems for families if school started later in the morning. Many parents take their kids to school and then go to work. They have to be at work at a certain time. They can't be late! If school started later, then those parents would have to rush to work. They might drive too fast, and that would not be safe. Also, they might arrive at work late and get into trouble.

If school started later, then it would finish later, too. That would be bad because then kids wouldn't be able to do after-school activities. Lots of kids play sports, volunteer, and do other fun things after school. For example, I play soccer every Tuesday and Thursday afternoon right after school. It's one of my favorite things to do. But if school finished later every day, I wouldn't have time for soccer.

As you can see, it wouldn't work to have school start later in the morning. It would be bad for parents, and it would be bad for kids, too. Anyway, if you really want to sleep in, that's what the weekend is for.
