

Name _____

Max's Jogging Times	
Day	Time
Friday	31 minutes
Saturday	49 minutes
Sunday	?

Max jogged less than 100 minutes in all for 3 days. On Sunday he jogged less time than he did on Friday or Saturday.

What is the maximum amount of minutes Max could have jogged on Sunday?

Show your work. Explain in words how you found your answer and why you solved the problem the way you did.
